

# XLERATOR<sup>®</sup>

EXCEL DRYER

## THE BEST SOLUTION FOR EVERY RESTROOM ENVIRONMENT

For more than 50 years, Excel Dryer has manufactured the finest American-made hand dryers. We created the high-speed, energy-efficient hand dryer category with the XLERATOR — **the world's number one selling hand dryer** — and we continue to be the industry standard.

## A GLOBAL REACH

WE ARE COMMITTED TO HELPING FACILITIES AROUND THE WORLD **SAVE TIME, MONEY AND THE ENVIRONMENT** THROUGH THE USE OF OUR HAND DRYERS

These hand dryer case studies illustrate improved guest experiences combined with **reduced labor, maintenance, waste** and **energy**. Many of the businesses and facilities that use our hand dryers have also experienced **significant cost savings**, a **reduction in their carbon footprint**, and **improved restroom hygiene**.

### NOTABLE CASE STUDY INSTALLATIONS

GRAND CENTRAL STATION  
AFZ COSTA RICA  
GILLETTE STADIUM  
UNIVERSITY OF READING  
UMASS ISENBURG SCHOOL  
UNITED STATES GREEN BUILDING COUNCIL

# SUSTAINABILITY BY DESIGN

There's a reason we have the number-one specified hand dryers in the world. We work closely with architects, interior designers, and specifiers to serve your vision and complement your design, bringing the restroom up to the standards of the rest of the space you are creating. From special features to seamless accessories, we have hand dryers in every size, dimension, and specification you need.

## SAVE 95% OVER PAPER TOWELS

The yearly financial and environmental cost of paper towels can be alarming. Excel Dryer uses a **custom savings calculator** that allows you to estimate your annual savings when using hand dryers instead of paper towels. The tool also identifies your potential return on investment and annual climate change benefit should you choose to switch to a hand dryer.

Try the Full Online Calculator for a customized calculation that is more specific to your business or facility at [www.exceldryer.com/calculator-dial](http://www.exceldryer.com/calculator-dial)
