## ARTISTS FOR HUMANITY

Artists For Humanity (AFH) provides under-resourced teens the keys to self-sufficiency through paid employment in art and design. With corporate partnerships, AFH teens provide creative services to the business community, in collaboration with studio mentors, while developing an understanding of business and entrepreneurship for potential career pathways.

AFH is built on the philosophy that engagement in the creative process is a powerful force for social change, and that creative entrepreneurship is a productive and life-changing opportunity for young people.
